Subject: Recommendation letter for BCI Academy

To whom it may concern,

Our company has been the main supplier of building materials for BCI Academy over the last couple of years. By means of those materials, the construction of many classrooms is realized and furnished.

We highly appreciate the project of Bless the Children International here in Debre Zeit. It is a great contribution to the local community and we highly recommend this project to everyone who is interested.

We wish BCI Academy all the best in the future and we pray that many children may be blessed through this organization.

Best regards,

Johannes Laurus Walhout
General Manager
